

Topics for Submission

Fluorine - Basic
Chemistry/Applications
Bromine - Basic
Chemistry/Applications
Iodine - Basic
Chemistry/Applications
Iodine – Commercial
 Considerations
Astatine - Basic
Chemistry/Applications
Radiohalogen Production
Peptide/Protein Labeling
Auger Therapy
Biomolecules
Gene Therapy/Aptamers
Neurotransmission
Clinical Evaluation/Implications

Deadlines

Abstract Submission—June 1, 2012

Early Registration—July 1, 2012

Invited Speakers

Michael Welch, Wash. U. School
of Medicine
Hank Kung, University of
Pennsylvania
Michael Kilbourn, University of
Michigan
Ingo Spahn, Institut für
Nuklearwissenschaften, Jülich
Frank Wuest, University of Alberta
Len Wiebe, University of Alberta
Geerd Meyer, Klinik für
Nuklearmedizin, Hannover
Marco Mueller, ABX
Brenda Sandmaier, M.D., Fred
Hutchinson Cancer Res. Center
George Kabalka, University of
Tennessee at Knoxville
Dennis Wester, Nordion
Jamey Weichert, University of
Wisconsin School of Medicine

Student Bursaries

There are a limited number of student bursaries to assist with travel

Location and Accommodations

The symposium will be held in beautiful Whistler B.C., Canada (Venue of the 2010 Winter Olympics). Whistler is a scenic two-hour drive from Vancouver International Airport via the Sea to Sky Highway, and is also accessible by bus, train, and taxi/limousine.

Accommodations will be at the Hilton Whistler Resort and Spa, located in the heart of the village, within walking distance to all amenities. A few rooms have been reserved at the Aava Hotel as a lower cost option. The meeting rooms will be at the Telus Whistler Conference Centre, just steps away from the hotel.

For further information, see our web site at:
